A pensive youngster gazes out from behind her clown makeup during a quiet moment at the annual Stanhope Fun Day. The event attracted an enthusiastic crowd of spectators and participants. For more pictures and a report on the day's activities, please turn to page 11.

Carnival a success

The annual Minden Rotary Club summer carnival, held last week, was one of the best ever presented, according to the spokesman for the local service club. Carnival chairman Bill Obee described the turnout and participation as "just super".

The carnival, which is held to help raise funds for community projects sponsored by the Rotary Club, took place on Wednesday and Thursday. The first day of activities was kicked off with a new event, a river olympics. Organized with the assistance of the Minden Katimavik group, the event

was held on the Gull River, just north of the bridge.

The olympics featured an obstacle course for canoeists who had to crawl over ropes, stretched across the river, while maintaining their balance in the canoes. The event provided a fun-filled spectacle for the hundreds of spectators lining the banks of the river. Included in the river program was a water-filled balloon toss for the youngsters on shore, an across the river relay race, and concluded with an inner tube race.

The winners of the canoe races was the team of John Dillon and Sam McCreight.

They received the Coney-beare Butcher Shop trophy. The tube race winner was Mike Wray. He was presented with the Minden Rent-All trophy.

Once the water events were completed, attention turned to the Main Street where one of the largest parades the community has seen passed by. Some 55 entries were included in the parade from the decorative provincial bicentennial float to children attired in pioneer costumes. The quality and variety of floats were unsurpassed with many

Residents object to CHMH housing units

Residents of the Highlands Gate Estates subdivision in Minden have objected to the proposed construction of a geared-to-income housing unit in the subdivision.

The Canada Mortgage and Housing Corporation has made an offer to purchase a lot in the subdivision and proposes to construct a house there under

the Rural and Native Housing Program.

The property is presently owned by the Municipality of Anson, Hindon and Minden. The municipality has assumed the responsibility for paving the street in the subdivision in exchange for the lot.

The objection to the proposed construction was made at the AHM council meeting held on Thursday,

July 26 by a delegation representing the residents of the subdivision.

Brendan Berube, spokesman for the delegation told Council that the construction of the building would "not be in the best interests of the homeowners in Highland Gate Estates."

He stated that residents were concerned that the property values in the neighbourhood would be lowered and added that the building should be constructed on a more modestly priced lot.

The spokesman added further that the municipality should act in the interests

of the majority of the residents by not accepting the offer to purchase the lot by the CMHC.

Deputy Reeve Ed Pergolas expressed his support for the CMHC program. "We have fought long and hard to get this program established" he said, adding that new home construction benefits ratepayers by keeping taxes down.

Councillor Gary Kenney suggested that Roy Windover, developer of the subdivision, and Tom Morrison, the Housing Development Officer for the CMHC,

should participate in any discussions concerning the construction of the building.

Council agreed, and instructed the Clerk-Treasurer to arrange a meeting with these individuals as soon as possible.

Man dies in canoeing mishap

A sixty year old man from Toronto died following a boating accident while fishing last Wednesday afternoon.

According to the police, Victor Nieminen went fishing sometime Wednesday afternoon (July 25) in a 16 foot canoe on Bitter Lake in Havelock Township. The man was not seen alive

again.

However, other cottagers on the lake discovered the anchored overturned canoe at an unpopulated end of the lake Thursday. The residents retrieved the boat and posted a notice on an area bulletin board announcing the finding of the craft.

On Friday several friends of the victim were looking for Mr. Nieminen when they noticed the announcement. After tracing the canoe, they called the Ontario Provincial Police. A search of the area where the canoe was first found was carried out by scuba divers who located the body of Nieminen Friday afternoon.

Coroner Dr. Harry Good attended at the scene and declared the man dead, the cause of death being drowning. No post mortem was ordered.

NDP select Daniel

The New Democratic Party has chosen its candidate for the September 4 federal election in the Victoria-Haliburton riding. Patrick Daniel was selected as the party's representative at a nomination meeting held July 24 in Lindsay.

Daniel, who represented the NDP in the 1979 federal election, was unopposed for the nomination.

The guest speaker for the evening was Gillian Sandeman, the former MPP from Peterborough who now serves as the Ontario president of the party.

At the conclusion of the nomination meeting, which was held at the Legion building in Lindsay, Daniel announced that his campaign headquarters would be located in Lindsay at 92 Kent Street. According to the candidate, the headquarters is now open and the party members are gearing up for the campaign.

Most stores open Monday

While many residents of the province will be enjoying a holiday weekend August 4, 5, and 6, most shops and services in the Haliburton Highlands will remain open. This tradition was started a number of years ago to meet the needs of the many visitors who select the Highlands for their summer holidays.

Most stores will be open Monday, including banks, Liquor Control Board stores and the Brewer's Retail outlets. The individual businesses will follow their regular Monday hours of operation.

The only exception to the Monday opening is that area post offices will observe the Civic Holiday. In most cases there will be no counter service, no rural route delivery or sorting of mail.

Most businesses in the Highlands will mark the Civic Holiday on September 17.

Other Mindens

Minden, Nebraska, U.S.A.

After two years of preparation and planning, a group of 28 persons from Minden, West Germany visited their sister-city of Minden, Nebraska in June.

The tour was organized by Friedrich Schutte who is a newspaper publisher and public relations agent in West Germany. He also served as interpreter when necessary, although many of the visitors spoke English quite well. Two years ago Friedrich visited our Minden and wrote an article in the German newspaper Taugenblaut, telling about "Minden, the Christmas Town". It was this article that prompted the first interest in forming a tour.

Their flight was from Frankfurt, Germany to Denver, Colorado where they boarded a chartered bus for a sight-seeing drive through the Rocky Mountain area. Then the bus headed east into Nebraska, stopping at various points of interest to tourists.

On Friday, June 22nd, our friends from Minden, Germany arrived at the motel at the Harold Warp Pioneer Village Foundation where they were greeted by the manager of the Village and the Kearney County Extension Agent. After getting settled in their motel accommodations, the group returned to the bus and were taken on a tour of two local farms where the various operations were explained by the County Agent through Friedrich as interpreter.

At one farm they observed a swine operation and learned about various methods of crop tillage and grain storage processes. The emphasis was on a cattle operation at the next farm visited and also irrigation processes, both with gated pipes and a centre pivot sprinkler system.

The Germans were very impressed by the quality of Nebraska beef and were curious about why the beef is "so delicious and soft". The size of Nebraska farms were also a surprise. German farms are much smaller and an 800 acre farm would be considered very large there and the farmer would be considered wealthy.

June was a perfect time for our German friends to visit. There has been a lot of rain this spring, so the land is very lush and green.

In contrast to American farms being larger than German farms, was the fact that American towns seem smaller. Minden, Germany has a population of 80,000 which is a small town in Germany. Our population of 3,000 must have seemed strange indeed. One German visitor observed that in Germany the population is about 450 people per square mile while in Nebraska it is about 8 people per square mile.

A large group of Minden, Nebraska citizens turned out to visit with our German friends at a banquet in their honour held in the banquet room in The Harold Warp Pioneer Village Foundation motel. Following the dinner there was an exchange of mementoes between the two towns. The mayor of Minden, Germany had sent a gift to our mayor. In return, the Minden, Nebraska mayor presented the key to the city to the gentleman who was representing the mayor of Minden, Germany.

Entertainment was provided by a local group planning to present the musical "Oklahoma" later this summer. They sang some of the songs from the show including one of the square dance numbers.

In response, our German guests sang a folk song, much to the delight of the local listeners.

As the evening drew to a close, everyone was reluctant to say "good-bye". This was solved by saying "auf wiedersehen" which is saying "till we meet again." Friedrich assured the Americans that he would be happy to make all the arrangements in Germany if we would organize a tour group to return their visit. These friendly people would most certainly extend a very warm welcome, especially to fellow-Mindenites.

When these travellers arrived here from Germany, they did not know about Minden, Canada but they do now, and immediately suggested we include our Canadian neighbours in any tour plans. Any comments from Minden, Ontario are welcome.

The following morning our guests enjoyed touring Pioneer Village. There was a Lutheran minister in the tour group and he conducted a service in the church on the Village grounds. This building had been the original German Lutheran Church in Minden.

There was a lot of picture taking when the Mindenites began riding the steam powered merry-go-round. In fact, everyone spent so much time on the merry-go-round that the rest of the Pioneer Village had to be seen hastily in order to take a bus tour around the town. After all, no visit to Minden, Nebraska would be complete without seeing the court house in the centre of town. It was the story of the lights on our courthouse at the holidays that

earned Minden the name of The Christmas City and created the first interest among the citizens of Minden, Germany.

After viewing our schools, churches, hospital and other buildings of interest, our German friends bid a final auf wiedersehen. On their way to Interstate 80 they stopped at a large feed lot to have a final look at the production of our good Nebraska beef.

Their destination that night was the Buffalo Bill Rodeo and Wild West Show at the annual Nebraskaland Days celebration at North Platte. It would not be a complete tour of the old west country unless a rodeo was included.

It was a happy experience for the Nebraska Mindenites and we hope that the Mindenites from Germany took many pleasant memories back home with them.

by Hilde Lange

Glass files for election

Bruce Glass, Liberal standard-bearer for Victoria and Haliburton, filed his official nomination papers on Wednesday, July 25. The ceremony, which confirms the candidacy of Mr. Glass, took place at the office of the District Returning Officer, John Bovie. Accompanying the candidate was his Official Agent, Irene Moore.

Glass is seeking office for

Brian Mulroney to visit riding

The leader of the Progressive Conservative Party in Canada will be visiting the Victoria-Haliburton riding.

According to officials of the local party, the leader will be the guest of honour at the annual Progressive Conservative beef barbeque. The event is scheduled for August 12 at the Kinmount fairgrounds.

The annual picnic had originally been slated for August 11, but local officials agreed to change the date of the event to the following day to co-ordinate with the leader's campaign schedule.

Mr. Mulroney will be in Kinmount to meet with the party faithful and endorse the candidacy of incumbent Bill Scott. Scott was recently chosen as the Conservative candidate for the riding.

Exact details of the leader's visit have yet to be determined.

the first time at the federal level, and was nominated by acclamation at the June 27 meeting of the riding Liberal Association. His major opponent in the election is expected to be the current sitting member, William Scott who has been selected as the Progressive Conservative candidate.

Following the signing, the 41 year old Glass was asked if he would agree to an all-candidate debate as suggested by the NDP candidate, Patrick Daniel. "I consider that suggestion as a direct challenge and I am happy to respond that I am available at any time for such a debate whether it be on radio, on television or in a public hall centrally located in the riding," he said. "I do not propose to debate just the NDP candidate. In order to be meaningful a debate must include all candidates."

"It is my plan to conduct an aggressive but dignified campaign in this riding and I believe we owe the voters of Victoria and Haliburton the opportunity to see their candidates in a debate forum," he added.

PARTICIPATION

Five more Anson, Hindon and Minden Heritage Awards were presented Wednesday evening at the Minden Rotary Club summer carnival. The award was created to honour citizens who have made an outstanding contribution to the community and to help mark the municipality's 125th anniversary. The latest recipients of the award, all past or present members of the Rotary Club, include, from the left, Alan Coneybear, Reeve Lyle McKnight who presented the awards, Joe Dollo, Lorne Coburn, Ed Pergolas and Don Hall. More awards will be presented later this year.

Four injured in ATC mishaps

Two all-terrain vehicles, travelling in the same direction, suffered the same fate when they failed to negotiate a curve on County Road 13 at Halls Lake.

According to the police, the first three wheeled vehicle was being driven by Daniel Donnelly, 24, of Richmond Hill. The passenger on the vehicle was Erin Darlow of Toronto. As the vehicle rounded a curve,

a car was coming in the opposite direction. In an effort to avoid the oncoming vehicle the three wheeler left the roadway and struck a tree. The machine sustained \$600 damage with the driver and passenger suffering minor cuts and bruises.

A second three wheeler, following some distance behind the first, ran into the same problem as it attempted to round the

curve. Driver Karen McArthur, 23 of Thornhill, and passenger Nikki Caldwell, 36 of Welland ended up in the bush as well. Caldwell sustained what are described as major injuries, and was taken to Minden Hospital for treatment. The second vehicle sustained \$50 damage.

According to the police, the three wheel ATC vehicles were not designed

to carry passengers and the extra weight can cause steering problems such as those experienced by these two machines. It was also pointed out that the standard tires which come with the three wheelers are not approved for highway use.

The mishaps occurred July 27 at 4:15 p.m.

Understanding

While we can appreciate the concern of residents in the Highland Gates Estates in voicing their objections to the proposal that a geared-to-income housing unit be built in their neighbourhood, we feel that their concerns are ill-founded. A delegation of residents appeared before Anson, Hindon and Minden municipal council Thursday.

The basis for objecting to the proposal was that property values in the area might be reduced with the introduction of government sponsored housing. In the words of the residents' spokesman, "it would not be in the best interests of the homeowners of Highland Gates Estates."

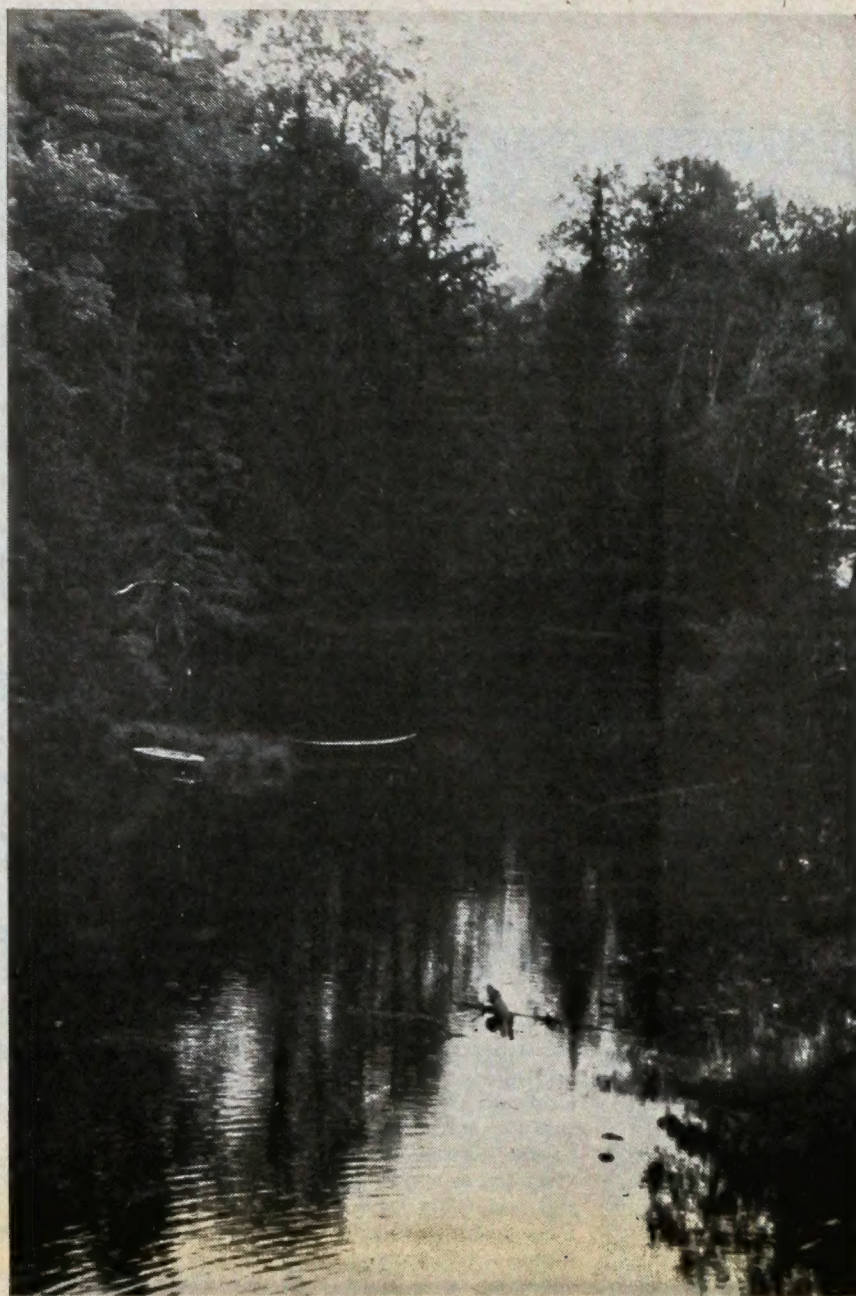

It is not a new argument. Such comments have been heard before, if not here, in many other communities across the province. And the residents do have a legitimate right to protect the investment they have made.

We wonder, however, if these claims are not exaggerated. In the first place, the proposal being made calls for the construction of a single unit, which hardly constitutes a major disruption to the area. CMHC, the federal sponsoring agency, has recognized the value of dispersing assisted housing throughout the community, thereby reducing its visibility and avoiding the creation of what some might describe as a "ghetto".

The municipality has a property standards bylaw which, if properly enforced, will ensure that no section of the community should suffer a decrease in property values because of a poorly maintained home, whether it is constructed with government assistance or not.

The entire community will benefit if improved housing is provided for its members. To obtain those benefits, however, the same community must demonstrate a tolerant and understanding for what is being attempted.

We can only hope that the discussions which the council plans to hold with the property owners, subdivision developer and CMHC representative, will see that atmosphere of understanding prevail.

Beech lake inlet

letters letters letters

Editor's Note: The following is an open letter to Haliburton County Council addressed to County Clerk-Treasurer, Win Lahay.

Dear Mrs. Lahay,

We have noted in the July 25/84 Haliburton County Echo, a news report that Haliburton County will consider a by-law that would regulate the size and design of signs on County roads. Terrific!

I would like to bring to your attention and must complain in the strongest terms regarding the glut of advertising signs appearing along Highway 35 from Moore Lake to Minden.

Admittedly this is a Provincial Highway, however, perhaps County Council can use its influence to have something done about it and/or have the Ministry of Transportation and Communications regulations amended.

In this 20 mile stretch, there are about three dozen signs, a very irritating and offensive welcome to

Haliburton County.

Apparently field advertising signs are permitted on M.T.C.'s right-of-way via a change in policy that was implemented about 2 years ago to assist the tourist industry.

Some signs are side by side and many have nothing to do with tourism.

As M.T.C. regulations allow one sign every 1000 feet, pray tell where will it end?

Do we have to spend the rest of our lives looking at these blurs on the

landscape?

Can we look forward to 105 signs in this 20 mile stretch?

We have no objection to a "location sign", that is, an advertising sign that is permitted on the same property as that on which the business is being conducted.

Our objection is to the "field advertising signs" which pop up like mushrooms on the lawn.

Yours very truly,
J.G. Strickland,
Seasonal Resident.

Aggregate loss

- by John Eakins, MPP -

Last week I released a statement to the effect that Ontario's municipalities continue to suffer financial losses as a result of the provincial government's failure to provide compensation to local governments for the extra costs incurred as a result of gravel extraction operations in their municipalities.

As far back as December 1976, the Ontario Mineral Aggregate Working Party concluded in their report "A Policy for Mineral Aggregate Resource Management in Ontario" that "funding for such local municipalities from the industry are in fact inadequate" and recom-

(more on page 14)

outdoors

Federation of Ontario Naturalists

Finding a way to make your voice heard on a problem as large and complex as acid rain can sometimes appear downright impossible. It's much easier to just assume that things will go from bad to worse, no matter what you do, and then sit back and wait to be proven right.

But it's election time and politicians know that the acid rain issue is big enough to help or hurt their campaigns. That gives individuals like you and me one of the best openings we'll ever get to really push for commitments to immediate action from all those who aspire to govern.

Politicians already know they have got a mandate to act. Countless newspaper editorials, letters and even a recent Gallop poll commissioned by the largest citizens coalition ever, the Canadian Coalition on Acid Rain, show overwhelming public support for clean-up programs. But aside from blaming the problem on the Americans and repeating their vague agreement to cut emissions by 50% by 1994, governments in Ottawa and Toronto have taken little concrete action so far. So the Coalition is urging concerned citizens to ask some pointed questions of local candidates and all three party leaders.

Regarding clean-up at the giant INCO facility in Sudbury, it is important to ask candidates what share of the costs of installing new smelting technology their party promises to provide. Federal and provincial environment ministers agree that reduced emissions are needed from the present ceiling of 1700 tonnes per day. The new technology needed is called "Roast Reduction Smelting" and recent studies project its installation costs at more than \$400 million dollars. INCO's presently weak financial position means that, one way or another, some form of Government assistance will be required. The Coalition's cross-Canada Gallup poll showed that 65% of respondents would approve of the Ontario Government, Federal Government and INCO sharing these costs equally.

Concerning nitrogen oxides, a million tonnes of which spew out of Canada's car exhaust every year, the question is, will the candidates support the immediate lowering of Canada's auto emission standard from 3.1 grams per mile to the American standard of 1 gram per mile. Consider that nitrogen oxides account for as much as 50% of our acid rain problem, damage our lungs, as well as forming ozone, a pollutant known to afflict

Rotary Carnival

(from page 1)

local entries obviously putting a great deal of work into their presentations.

The high quality of the floats almost overshadowed the fact that the parade did not include any bands. Parade organizer Bob Austin noted that while two marching bands had been booked to appear in the parade, both cancelled at the last moment, leaving the parade without the traditional music.

Prizes and trophies were awarded for the best participants in a number of categories. The winners included:

- Best resort or camp: first, Silver Birch Resort which won the John Bath trophy; second, Hospitality Inn.

- Best commercial: Campbell's Garden and Flower Shop. This entry was also judged the best of the parade. Runner up in this category was Audrey's Consignment Store. The Campbell's float received the Toronto-Dominion Bank trophy and the J.M.C. Builders trophy.

- Best decorated girl's bike: Elishya MacKeighan.

- Best decorated boy's bike: Corbie Kent.

- Two 'extra prizes were awarded for special efforts on the part of the participants. These went to the Dominion Hotel for the Chinese Dragon and to Jaimme Kent for her costume and wagon.

Following the parade the crowd moved to the Minden Arena where a number of rides and amusements were in place outdoors while inside, the Rotary Club operated a variety of games of chance, food booths and a beer garden. The first evening the music was provided by the band, Thunder Road with Ike and Alice Kelnick entertaining on the second evening.

The highlight of the last night was the draw for a \$1000 bill. The winner, chosen by Angela Googh, an exchange student sponsored by the Minden club, and who had recently returned from a year in Australia, was Kathy Lloyd of Haliburton. The winner of the second prize of \$700 was Peter Overington of Willowdale, while the third prize of \$300 went to Roy Hewitt of Haliburton.

The annual Rotary summer carnival provided a host of activities for participants and spectators alike. The photos here capture some of the excitement of the day including: above carnival parade winners; below, inner tube racers; right, Chinese dragon and far right, midway fun.

from the chamber

This past week has not been a particularly pleasant one for the Chamber of Commerce office.

I realize the freedom of the press and the individual's right to question our existence, is a part of our democratic society. However we are dancing as fast as we can. And there is a tremendous amount of work to do.

In support of our volunteer board who give freely of their time and effort and in praise of our staff who do their best to please the travelling public and our members. May I add my thanks to the people who have stopped me on the street to offer their encouragement and support. And to the members who have phoned to say "We're behind you all the way."

It is now four months since I assumed the duties of managing your Chamber of Commerce and what a busy time it has been. I am happy to report that with the help of one capable employee we have managed to:

- set up a new accounting system that is easily administered.
- sort out a chaotic filing system.
- enrolled 11 members plus 1 association with a potential membership of 90.
- we have had our trial run of the Sportsmen's Show with the assistance of Mike Kitchman who helped us survive the ordeal.
- we have designed a new marketing plan (which will help introduce Haliburton County to not only our neighbours to the immediate south in Toronto and Kitchener, but to hopefully open up a new market in Buffalo, Michigan and other U.S. cities.)
- we have run two management seminars.
- our winter brochure is now underway and we are

working on a daily basis with Allcom Marketing and COTA to ensure that it will be the professional marketing tool that we deserve, to help us build the winter tourism market.

- redesigned the mandate for our committees.
- written descriptions of duties for our Chamber Executive.
- mailed out 12000 Haliburton Directories to cottagers and local residents.
- compiled a distribution list to ensure that our advertising is placed in the hands of people who will put it to effective use.
- have produced two newsletters.
- attended three conventions.
- arranged to have our new postcards printed.
- brought the Haliburton tartan back to the Highlands.

- have sent out more than 300 enquiries to tourism outlets, universities, ski shops and Convention Bureaux regarding our advertising.

We have visited more than 50 of our members; we wish time permitted to visit all of you as soon as possible, however, we are giving it as much of our time as possible. We will be around to see you as soon as we can. Perhaps the annual meeting in October will give us the opportunity to catch up. Please try to attend (October 10).

Don't forget to send in your nominations for the Highlander of the Year Award.

New members

This week the chamber welcomes 4 new members to the team.

Kawartha Business Services is located at the junction of Highway 36 and 649 in Bobcaygeon. They offer a wide variety of business services and their

representative Len Jerrard will service Haliburton County. Len is a very pleasant person and we feel you can be confident in your dealings with him. Kawartha Business sells services in marketing such as: bulk mailing, which may include printing and layouts, and if required, suggestions or assistance in preparation. They also design overall sales and marketing campaigns, including sourcing all printing art work and products. The telephone number is 705-738-2346.

County Feed Store is located in Haliburton Industrial Park in Haliburton village. The store is owned and operated by John and May Burgess. They sell a complete line of feed and pet food as well as garden supplies and lawn ornaments and flour. The store is open 6 days a week from 8:30 to 5:00. Fridays until 9:00. Call 705-457-2291.

Dorothy Black is our third new member. Dorothy is the wife of Brian Black

who works for Curry Motors in Haliburton Village. Dorothy is well known in the Haliburton community and is a former resident of Minden. She is in the process of establishing a typing and office assistance business that she will

operate from her home in Haliburton. Call 705-457-2835.

Lutterworth Feed and Bait is located on Highway 35 at Moore Falls. This business is owned and operated by Jim McMahon. Jim is a most obliging businessman who is open 7

days a week and Friday until 10 p.m. He sells a wide variety of goods and services including a complete line of Masterfeed products, English and Western horsetack, heavy horse equipment, harness repairs, cattle and horse trucking, live bait, firewood, farm fencing, and farm electrical supplies. I think his most important product is probably his friendly service. Welcome Jim.

CORPORATION OF THE TOWNSHIP OF STANHOPE PUBLIC NOTICE

TAKE NOTICE that the Council of the Municipal Corporation of the Township of Stanhope proposes to enact a by-law to stop-up, close and convey to the abutting property owners, those parts of the original allowance for road set out and described as follows:

FIRSTLY: All and Singular that certain parcel or tract of land and premises situate, lying and being in the Township of Stanhope in the County of Haliburton and being composed of part of the original allowance for road along the shore of Boshkung River, lying in front of part of Lot 6 Concession 3 and being more particularly described as Part 2 on a Plan deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R 3040.

A COPY OF THE PLAN OF SURVEY as noted may be viewed at the Township of Stanhope Municipal Office during normal working hours.

THE PROPOSED BYLAW will come before the said council for consideration at its regular meeting at the Municipal Office in the Township of Stanhope on the 12th day of September, 1984 at the hour of 11:30 a.m., and at that time, the Council will hear in person or by his counsel, Solicitor or agent, any person who claims that his land will be prejudicially affected and who applied to be heard.

DATED: July 16, 1984.

Gerald C. Bain, A.M.C.T.,
Clerk of the Corporation of the
Township of Stanhope, R.R. #1,
Haliburton, Ontario. KOM 1S0.

Members of the Rural Roots Fashion House, below, model their latest creations during the lunch hour fashion show held at Haliburton Highlands Secondary School on Thursday. The show, which was presented by the students of the School of Fine Arts fashion design class also included the unveiling of hardware store haute couture in a spoof billed as 'Wildflower Fashions.' (left.)

Fine Arts fashions

Timeless classics, contemporary creations and the futuristic look were featured in a lunch hour fashion show at the Haliburton Highlands Secondary School on Thursday, July 26.

The fashions were created and modelled by 25 students in the Fashion Design Course offer by the Haliburton School of Fine Arts. During the course the students formed four "companies" each with its own line of designer clothing.

Bizarre Bazaar offered their "Kiss Me Clothing" line that combined Kool-Aid colours with bold accessories to create a futuristic theme.

Au Courant of Haliburton presented a contemporary collection of flowing, unstructured pieces designed to co-ordinate with each other.

The designs of Jemma of Haliburton were inspired by the flora and fauna of the Highlands and featured

timeless classics in Haliburton blue, wild rose, aspen green wild orchids, earth tones and Queen Anne's lace.

The down to earth look was also featured in the designer clothing shown by Rural Roots. The company is comprised of two divisions Rural Route 1 and Rural Route 2, which is geared to a younger market.

The show began with a delightful spoof on fashions billed as the Wildflower Fashion Show. Beach towels fastened with clothes pins, plastic sunglasses and accessories picked up in the local hardware store were combined to create a bold and daring new style.

The show featured the work of many imaginative and talented designers and was well received by a large and enthusiastic audience.

A lot of people call life "The Survival of the Fittest". You know, a lot of people are right.

PARTICIPATION

NOTICE TO NEW HUNTERS

The Haliburton County Marksmen Club is offering an evening Hunter Safety Training Course commencing August 7 at the Stanhope Firefighter's Hall on the North Shore Road in Stanhope Township.

The completion of this course is required by new hunters 20 years of age and younger before they can write the MNR Hunter Safety exam or obtain a hunting licence. New hunters older than 20 years are also encouraged to take this course, as it will aid them in passing the MNR exam which is required of all new hunters.

Persons who wish to register in this course may do so by contacting Peter Hynard at the MNR Minden office (telephone 286-1521) or at home (telephone 286-1071). The course will run for five evenings spread over two weeks and cost \$15.00. Enrolment will be limited to 20 persons.

TOWNSHIP OF STANHOPE

CONSOLIDATED FINANCIAL REPORT

AT DECEMBER 31, 1983

AUDITOR'S REPORT

To the Members of Council, Inhabitants
and Ratepayers of the Corporation of
the Township of Stanhope:

We have examined the consolidated balance sheet of the Corporation of the Township of Stanhope as at December 31, 1983 and the consolidated statement of operations for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these consolidated financial statements present fairly the financial position of the Corporation of the Township of Stanhope as at December 31, 1983 and the results of its operations for the year then ended in accordance with accounting principles prescribed for Ontario Municipalities applied, after giving retroactive effect to the changes in accounting policy as explained in Note 6 to the financial statements, on a basis consistent with that of the preceding year.

TOWNSHIP OF STANHOPE NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 1983

1. Accounting Policies.

(a) Basis of Consolidation

(i) Consolidated Balance Sheet

This statement reflects the assets and liabilities of the revenue fund, reserve funds, the capital fund and includes the activities of all committees of Council.

(ii) Consolidated Statement of Operations

This statement reflects the consolidated sources of financing and expenditures of the revenue fund, reserves, reserve funds, and the capital fund of the municipality.

(iii) The taxation, other revenues, expenditures, assets and liabilities with respect to the operations of the school boards, and the County of Haliburton are not reflected in these financial statements except to the extent that overlevies (underlevies) are reported on the "Consolidated Balance Sheet" as "other current liabilities" ("other current assets").

(b) Basis of Accounting

(i) Sources of financing and expenditures are reported on the accrual basis of accounting with the exception of principal and interest charges on long term liabilities which are charged against operations in the periods in which they are paid.

(ii) The accrual basis of accounting recognizes revenues as they become available and measurable; expenditures are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay.

(iii) The historical cost and accumulated depreciation of fixed assets are not reported for municipal purposes. Instead the "Capital outlay to be recovered in future years", which represents the outstanding principal portion of unmatured long term liabilities for municipal expenditures or capital funds transferred to other organizations, is reported on the "Consolidated Balance Sheet".

2. Operations of School Boards and the County of Haliburton

Further to note 1(a) (iii), the taxation, other revenues, expenditures and overlevies (underlevies) of the school boards and the County of Haliburton are comprised of the following:

	School Boards	County
Taxation and user charges	\$505,661	\$ 85,893
Requisitions	\$505,661 505,801	\$ 85,893 85,937
Overlevies (underlevies) for the year	(140)	(44)
Overlevies (underlevies) at the beginning of the year	183	(140)
Overlevies (underlevies) at the end of the year	\$ 43	\$ (184)

These revenues and expenditures are not reflected in the "Consolidated Statement of Operations".

The overlevies (underlevies) at the end of the year are reported as "other current liabilities" ("other current assets") on the "Consolidated Balance Sheet".

3. Liability for Vested Sick Leave Benefits

Under the sick leave benefit plan, unused sick leave can accumulate and employees may become entitled to a cash payment when they leave the municipality's employment.

The liability for these accumulated days, to the extent that they have vested and could be taken in cash by an employee on terminating, amounted to \$18,886 (1982 \$15,125) at the end of the year. An amount of \$12,000 (1982 \$12,000) has been provided for this past service liability and is reported on the "Consolidated Balance Sheet". An amount of \$ Nil (1982 \$12,000) has been provided for in the current year and is reported on the "Consolidated Statement of Operations".

4. Municipal Fund Balances at the end of the year

The balance on the "Consolidated Statement of Operations" of Municipal Fund Balances of \$36,943 (1982 \$23,823) at the end of the year is comprised of the following:

	1983	1982
for general reduction (increase) of taxation	\$ 34,034	\$ 23,823
for general reduction (increase) of user charges	2,909	-
Subtotal	36,943	23,823
Total	\$ 36,943	\$ 23,823

5. Reserves and Reserve Funds

The total balance of reserves and reserve funds of \$285,960 (1982 \$284,643) is made up of the following:

	1983	1982
Set aside for specific purpose by Council		
for acquisition of fixed assets for recreation programs and facilities	\$ 36,900	\$ 22,900
for working capital	13,800	17,800
for sick leave and other	58,000	54,000
	16,700	15,700
	125,400	110,400
Set aside for specific purposes by legislation, regulation or agreement		
for loans under the Ontario Home Renewal Plan	160,560	174,243
	160,560	174,243
Total	\$285,960	\$284,643

6. Other Notes

Changes in Accounting Policies

Effective January 1, 1983, Ontario municipalities and their local boards must follow the accounting principles outlined in the Municipal Financial Reporting Handbook. The new Handbook substantially revised many of the accounting and reporting requirements applicable to Ontario municipalities for the fiscal year 1983. The 1982 figures presented for comparative purposes have been restated, where determinable, to conform with the new presentation in 1983. The following summary outlines the more significant changes made.

(i) Previously assets were not segregated between restricted and unrestricted. For 1983 the assets of reserves funds are now reported as restricted assets.

(ii) The overlevies (or underlevies) for school boards and the county, which had previously been recorded as fund balances at the end of the year on the "Consolidated Balance Sheet", are now reported as "current liabilities" ("other current assets").

As a result of the above changes, the effect on the Consolidated Statement of Operations has been an increase (or decrease) of \$(43) in the net change in "Municipal fund balances" for 1983. The retroactive effect on the fund balances on the "Consolidated Balance Sheet" as at December 31, 1982 have been reflected in the 1982 comparative figures in this report and is summarized below.

Municipal Fund Balances	1983	1982
To be used to offset (or to be recovered from) taxation or user charges		
Beginning of year as originally reported	\$ 23,866	\$ 15,074
Increased or (decrease) by Overlevies/underlevies for school boards and county	(43)	28
As restated	\$ 23,823	\$ 15,102

Minden Juniors player Rhonda Wilson slips into second base ahead of the throw to Minden Seniors player Helen Burke Monday evening. The Seniors managed an 11 to 9 victory in the last game of the regular season to clinch first place in the ladies softball league.

Dixie Lee finishes on top

The Minden Dixie Lee Women's baseball team defeated the Minden Juniors 11-9 Monday night to finish their season in first place in the ladies' softball league.

The Minden Juniors captured third place in the overall standings. West Guilford was the second place finisher.

The two Minden teams will meet again in the first round of the playoffs at the

Minden Ball Diamond starting Tuesday, August 7. The second game of the best two out of three series will take place on Thursday August 9. A third game if necessary will be played on the following Tuesday.

West Guilford will take on the 4th place Haliburton Juniors Monday, August 6. The second game of the series will be played on Wednesday, August 8. The third game will be played on Monday, August 13 if a winner has not been decided.

The consolation round between the fifth place Haliburton Seniors and last place Wilberforce will be played on the same dates as the West Guilford-Haliburton Juniors series.

Viceroy's win 2

The Minden Viceroy's secured a 3-2 victory in their game at Gravenhurst last Tuesday, July 24. The Minden goals were scored by Justin Gentle (set up by Christopher Holliday-Rhodes) and Colin McKnight (set up by Justin Gentle) with Colin McKnight also getting a solo effort winning goal just minutes before the end.

Both Minden and Gravenhurst came close to scoring on other occasions and Nicholas Holliday-Rhodes (in goal) made several good saves to help ensure the victory.

The Viceroy's were also in winning form when they went to Little Britain on Monday night. Little Britain was the strongest team that the Viceroy's have yet played and this resulted in a very fast and competitive game.

Little Britain scored first with a penalty shot midway through the first half with Dean Sisson equalizing for Minden ten minutes later. In the second half Minden slowly but surely took control of the game and their efforts were rewarded when Colin McKnight got the winner from the penalty spot ten minutes from the end. Final score, Little

Britain 1, Minden 2.

The coaches feel that the hard work and determination shown by the whole team is the reason for their fine record of wins so far this season.

outdoors

(from page 4)

agricultural crops and forsts. It's also worth noting that most cars manufactured in Canada are designed for the American market, so there is no costly re-tooling of our plants needed to meet the American standard. And the United Auto Workers support the lower standard, expecting no job loss. Both Federal Transport and Environment Ministers have said they want to adopt the American standard. But they haven't set a timetable.

Now is the best time to send Ottawa a message. Further information can be obtained from the Canadian Coalition on Acid Rain, 112 St. Clair Avenue West, No. 504, Toronto, Ontario. M4V 2Y3. (416) 968-2135.

ONTARIO GOVERNMENT TENDER NOTICE TO EQUIPMENT OWNERS

The following equipment is required for winter maintenance during the 1984 - 85 and 1985 - 86 winter seasons.

Single Axle Trucks with Operator

Trucks with a minimum G.V.W. of 13,600 kg. single axle, suitable for mounting 5 cubic yard (4.2 cubic meter) power sander, are required at the following locations:

Tender No. 11-84-50 - 1984-85 Winter Season Only
One truck required at Parry Sound.

Tender No. 11-84-51 - 1984 - 85 and 1985 - 86 Winter Seasons
One truck required at each of the following locations: Parry Sound and Glen Orchard.

Tandem Axle Trucks with Operator

Trucks with a minimum G.V.W. of 20,400 kg. tandem axle, suitable for mounting 8 cubic yard (6.13 cubic meter) power sander, are required at the following locations:

Tender No. 11-84-52 - 1984 - 85 Winter Season Only
Two trucks required at Haliburton.

Tender No. 11-84-53 - 1984 - 85 and 1985 - 86 Winter Seasons
One truck required at each of the following locations: Dwight, Dorset, Minden and Dunchurch. Two trucks required at each of the following locations: Huntsville and Emsdale.

Loaders without Operators

Tender No. 11-84-54 - 1984 - 85 Winter Season Only
Front-end loaders, with suitable cab, on rubber tires, having a standard size bucket of at least 7/8 cu. yards (SAE rated), and a minimum operating weight of 13,000 lbs. The bucket width must be wider than the front wheels, but not to exceed 120 inches. The cutting edge clearance when the bucket is dumped at 45 degrees will be 9 feet, 10 inches minimum. (Extension arms added to loaders will not be accepted). The reach when the bucket is dumped with a 9 foot, 10 inch cutting edge clearance will be 2 feet, 4 inches ahead of the machine.

One loader will be required at Mactier, Parry Sound, Gravenhurst, Glen Orchard, Huntsville, Emsdale, Dwight, Dorset, Minden, Haliburton and Dunchurch.

Tender No. 11-84-55 - 1984 - 85 Winter Season Only
One truck with a minimum G.V.W. of 13,600 kg. single axle, suitable for mounting a 5 cubic yard (4.2 cubic meter) power sander AND

One front-end loader with suitable cab, on rubber tires, having a standard size bucket of at least 5/8 cubic yards (SAE rates). The bucket width must be wider than the front wheels, but not to exceed 86 inches, and a minimum operating weight of 10,000 lbs. The cutting edge clearance when the bucket is dumped with a 9 foot cutting edge clearance will be 2 feet, 4 inches ahead of the machine AND

One operator to operate both pieces of equipment.

Above equipment and operator will be required at Patterson's Corners.

Sealed Rental Offers on forms supplied by the Ministry will be received by the District Engineer, Mr. D.A.O. White, until 1:30 p.m. on

WEDNESDAY, AUGUST 29, 1984

Specifications, Rental Offer forms and envelopes may be obtained in person or by mail from the District Office, 207 Main St. West, HUNTSVILLE, Ontario P0A 1K0. Telephone (705) 789-2391.

The lowest or any tender not necessarily accepted.

Communications

Family fun in the sun at Stanhope

It was billed as an old-fashioned family picnic and the Stanhope Fun Day held on Saturday was that, and more.

By ten o'clock in the morning, the horseshoe tournament and non-stop bingo were underway and the crafts sale ready for business.

The fancy dress parade had only five entries, but the imaginative costumes made up for the lack of participants. First place ribbons were awarded to: Tracy Camm, Jamie Brown, Kristine Milbury, Cathy Brown and Ruby Schmidt.

Races for children and

adults were then organized by the clowns who passed out ribbons to the winners. Those placing first in the different age categories were: Kristine Milbury (under 5); Jennifer Foley (under 7); Darrell Perry (8-10); Craig Bain (11-13); and Odie Demaurier (over 14).

Warren and Natasha Morrow won the parent and child race and they had travelled all the way from Schreiber in Northern Ontario to attend the Fun Day.

Following a tasty beef barbeque, Saverio Prato put on a model rocket show, firing off 30 miniature craft

Debries' dog, 'Kelly' sported the highest number of spots.

By mid afternoon the winners of the horseshoe pitching tournament had been decided. Bud Pipher and Bruce Armstrong threw to a first place finish. The number two team was Gerald Bain and Angelo Miscio. Third place went to Jack Morrison and Brian Miscio.

While a bake sale was going on in the Firefighters' Hall, the voluntary brigade demonstrated their skills as they extinguished a burning automobile.

The Haliburton Highlands Scottish Dancers attended the Fun Day for the first time and put on a lively, high-stepping show during the Seniors' tea. A huge cake decorated with the Bicentennial symbol was served during the tea. The cake was the project of some of the members of the cake decorating course, organized and sponsored by Stanhope Recreation Committee.

The delicious dessert was prepared by Marsha Bain, Jim Lawr, Shirley Bryant, Pat Bain, Mary Lawr, Sharon Logan, Leanna Barker, Kim Elias and Ann Barker, who was the course instructor.

Fun Day '84 was capped off with a supper and dance at the Stanhope Firefighters Hall.

into the air. One of the lilliputian projectiles carried a tiny camera, which took a picture of the crowd below as the parachute was deployed.

The dog show once again proved to be a popular event as the owners and their pets paraded before the judges.

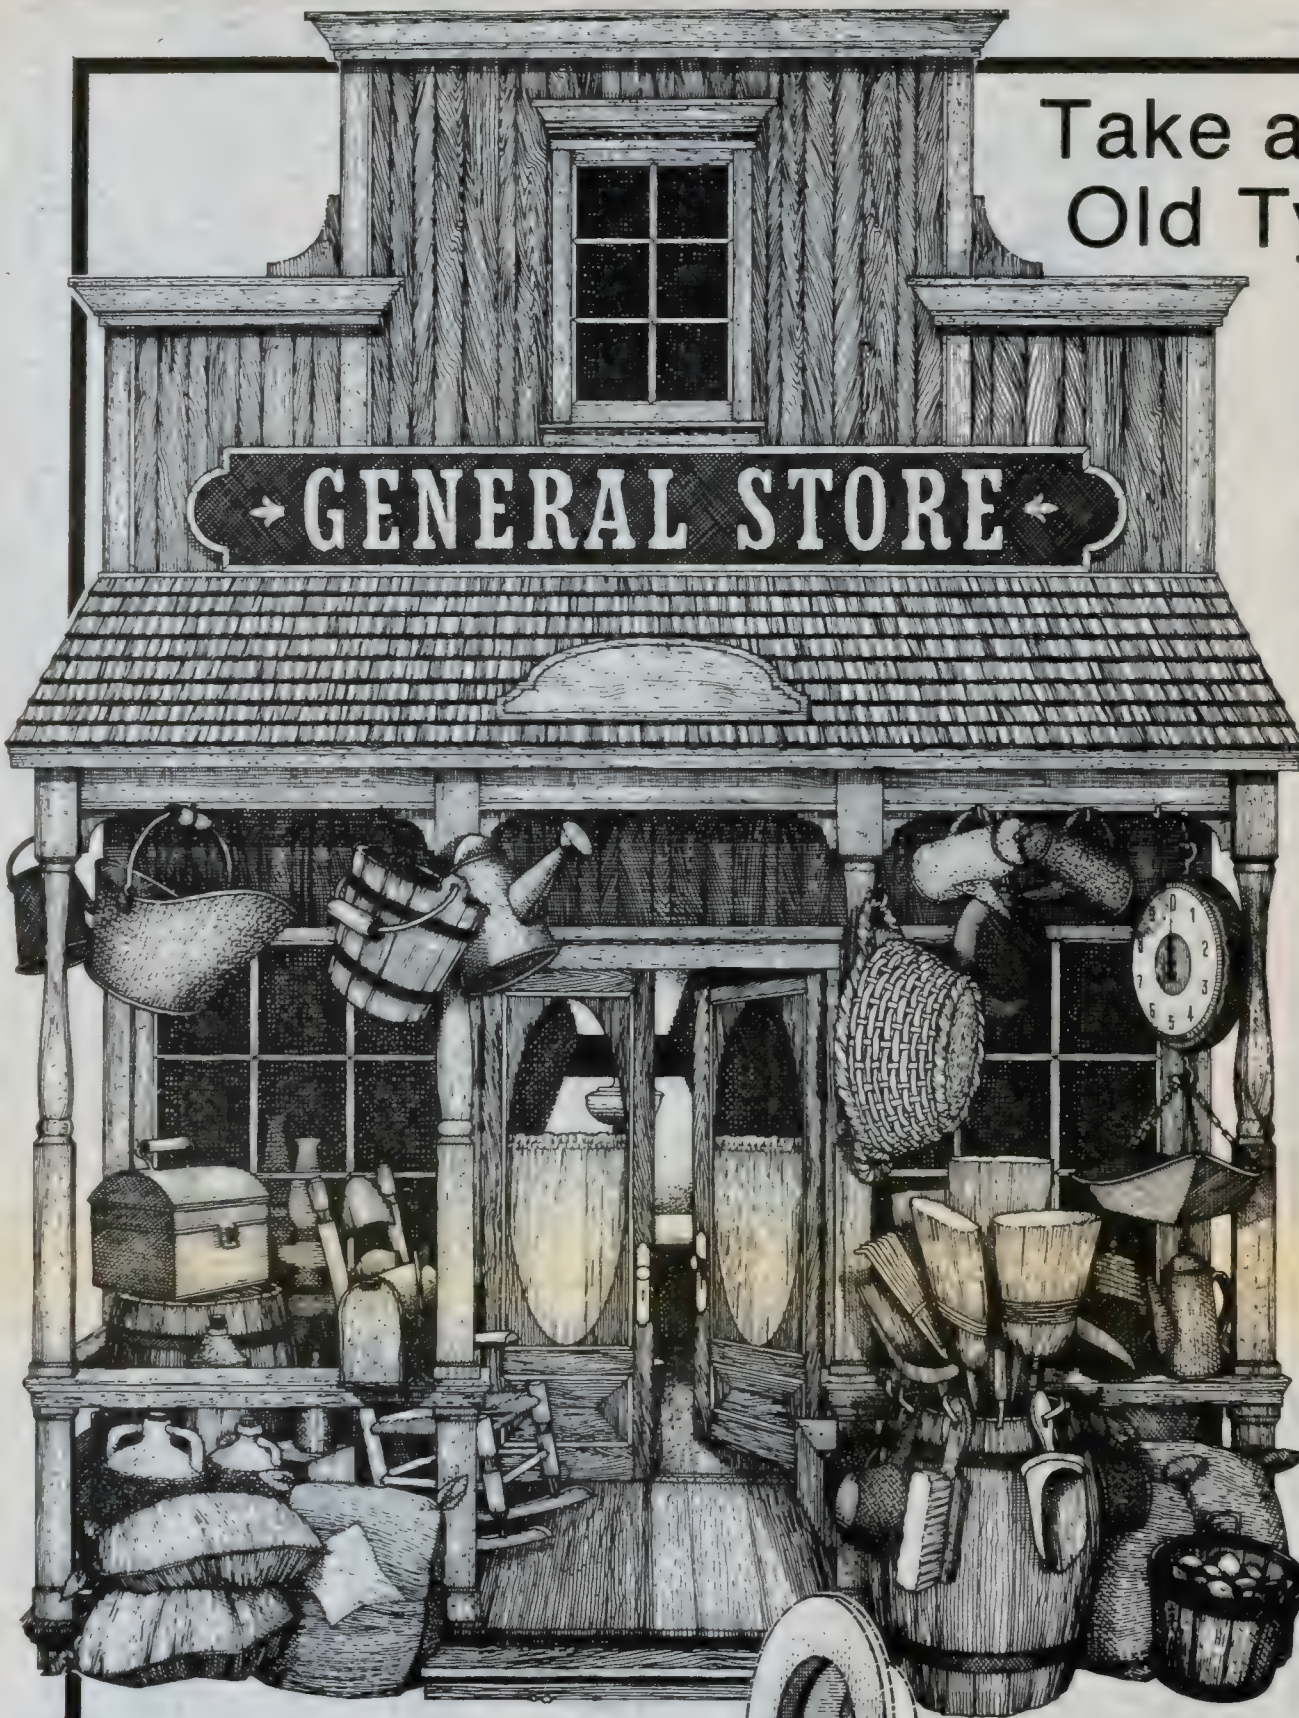

David Rolfe's dog 'Brian' won the longest tail and tricks category. David's other dog, 'Brick' tied for first place with 'Breck' owned by Susan Whiteside, as the largest dog. Susan's dog 'Rick' was judged to have the longest nose. Kim Johnson's dog, 'Buttons' was a double winner in the smallest dog and best dressed categories.

Winner of the curliest tail contest, was 'Nickie', owned by Debbie Settle. 'Fritz', owned by Andrea Teo had the shortest tail and Debby

Clockwise from above: the smallest entry in the mutt show; Meeks the clown and his entourage; girls at the grill; Stanhope firemen demonstrate fire fighting techniques with foam.

A giant cake decorated with the Ontario Bicentennial symbol was the centrepiece of the seniors' tea held during the Stanhope Fun Day Saturday. The cake which measured six feet by three feet was the handiwork of the students of the cake decorating class sponsored by Stanhope Recreation committee. Seen here with their masterpiece, are, from the left, Mary Lawr, Marsha Bain, Pat Bain, Shirley Bryant, Jim Lawr and course instructor, Ann Barker.

Hustlers sweep playoff series

The Minden Rockcliffe Hustlers won their fourth game of the playoffs last Wednesday night (July 25) as they edged Lindsay York Tavern by the score of 3-2. This was a real pitcher's

duel between Hustlers' Jack Snell and York's Mike Marsh with both hurlers limiting the other team to seven hits. The Hustlers got all their runs in the second inning on a solo home run

by Barry Hammond and a two run homer by Colin Newell.

York Tavern picked up single runs in the third and fifth innings but couldn't come up with the equalizer.

The Hustlers will now meet Lindsay Kent Tavern in a best of five series for the championship beginning tonight August 1 at Minden Ball Park at 8 p.m.

Tournament

Don't forget the big tournament (Rockcliffe Hustlers Invitational) coming up on August 10, 11, 12 weekend beginning at 7:30 p.m. on Friday night.

This is a sixteen team tournament with local teams Minden, West Guilford, Lindsay, Huntsville, Sutton and eleven Toronto area teams taking part. This promises to be an action-packed weekend with some top notch fastball in store.

For more information call Neil Burk 286-1264.

Townships lose compensation

(from page 4)

mended that an annual licence fee be established for all licenced gravel operators and that 50 per cent of that fee be paid to the local municipality in which the operation is located to cover "the real cost of the industry to the local municipalities".

The New Aggregate Act introduced in the Legislature by the Minister of Natural Resources in June 1979 would have provided for the establishment of a six cents per tonne licence fee for gravel operators, four cents of which would be paid to municipalities as compensation for road maintenance and other costs resulting from quarry operations.

However, this Legislation was withdrawn by the government prior to the 1981 provincial election and was never re-introduced.

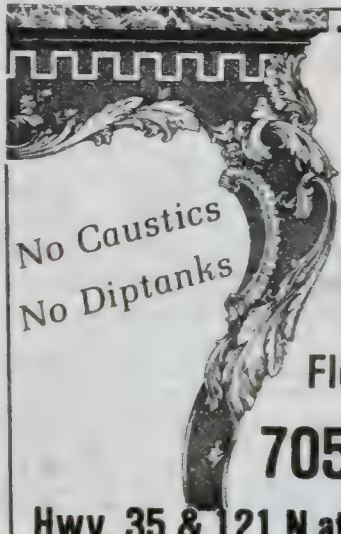

Contrary to the statement of the Minister of Natural Resources on March 4, 1982 that "I plan to introduce the New Act in the legislature this spring, and I am confident that it will be passed this year", no such legislation to bring this aggregate levy into effect has yet been introduced.

Because of government inaction, Ontario municipalities continue to be denied funds that could be used to defray some of the costs of constructing and maintaining roads used as gravel hauling routes.

For example, in Manvers Township alone which is located in our riding, the amount of this non-renewable resource which was extracted in 1983 amounted to 1.66 million tonnes. This

gravel represents a potential loss in revenue to the Township of \$66,400, of which the Township has yet to receive one cent. The Township has passed a resolution asking the Minister of Natural Resources that a gravel levy be introduced.

The provincial government must not delay the introduction of this levy any longer. The time for action to be taken on this matter is long overdue.

Robert McLagan from Haliburton and David Fleming from Cobden pose beside their homemade birch bark canoe after finishing first in the Lions Club first annual Lake Kashagawigamog canoe race. The winners completed the 8 mile course from Ingoldsby to Haliburton in one hour and forty-five minutes on Sunday. John Teljeur and Jamie Bennett of Haliburton, placed second. The father and son team of Ralph and Andrew French from Scugog Island were the third place finishers.

Dixie Lee shut out Bracebridge

The Dixie Lee soccer team showed great patience and ball control as they defeated the Bracebridge Centennials by a 4 - 0 score. Tim Davies put three shots into the goal before the half time whistle sounded. The goals were all the result of short accurate passing which the team has emphasized over the last few practices. The Bracebridge team played one man short as they failed to field a full

team but this writer feels the result would have been the same as the Dixie Lee team totally dominated play and just failed to score on many other occasions.

Dixie Lee seemed to let up in the second half but controlled the play in both ends of the field. Terry Crowe rounded out the scoring for the locals with a shot from a scramble in front of the Bracebridge goal.

This team has greatly improved over the year and only needs two points to match the finish of last year. There are five games remaining and therefore the chances of moving up look very good.

The team practices Thursday at Archie Stouffer Public School in Minden and invites anyone to join in the 7:00 practice.

Don Spicher proudly displays an eighteen and a quarter pound lake trout caught in Boshkung Lake Monday evening. The trout which measured thirty four inches long and twenty one inches around the girth, was caught in forty-five feet of water. Mr. Spicher took less than ten minutes to land the lunker using a fifteen pound test line and a Williams half and half lure.

Council briefs

Items from the July 26 meeting of the Anson, Hindon and Minden municipal council.

Council decided to proceed with the construction of a cross country ski trail north of the village of Minden.

The trail will begin at the Minden Community Centre proceed east to the Beaverbrook Golf Course then swing north along the municipal road allowance to the Scotch Line Road. Brush clearing operations will be carried out by Katimavik workers.

During a discussion on the trails, Councillor Gary Kenney suggested that "spur lines" could be created through scenic areas adjacent to the road allowance.

Reeve Lyle McKnight disagreed with the suggestion stating that he would prefer to restrict the trails to property owned by the municipality in order to avoid having to work out agreements with the adjacent property owners for permission to cross their land.

The trail will eventually be included in the county wide Nordic trail system.

Brushing

In a letter to council Ontario Hydro requested that brushing operations on the Hydro right of way along the Queen's Line be carried out by a contractor. Hydro does not want residents of the area involved in the brushing operations because of the possibility of personal injuries or damage.

Under the proposal put forth in the letter Ontario Hydro will administer the project and share the costs with the municipality.

Council agreed to the request provided the municipality can review the tenders. Works on the project is slated to begin in September.

Procedure change

A resolution, passed at the July 12 meeting of Anson, Hindon and Minden municipal council concerning the closing of road allowances that provide access to water, was rescinded when the council met July 26.

The original motion resolved that all applications for road allowance closures involving access to water would only be accepted by council

following mandatory recommendations from the Parks and Recreation Committee and the

Advisory Committee.

Reeve Lyle McKnight pointed out that Bylaw Enforcement Officer Dick Schell should be notified of road closure applications prior to a review by the committees. This would allow the Bylaw Enforcement Officer time to carry out an on-site inspection before the committee meetings.

Council agreed to the change and the suggestion by Schell that the Road Committee should also review the applications.

Rental fees

Council proposed and increase of 5% in rental fees for the use of the council chambers by the Provincial Court. Under the present lease agreement, the Ministry of Government Services pays \$328 a month for the use of the chambers.

The new agreement commences in January 1985.

Sale

Council passed a motion to close the Bobcaygeon Road between the Bank of

Commerce and the Dominion Hotel on August 11. The closing will facilitate the annual sidewalk sale.

Basic first aid course offered

by Donna Bailey

One never knows when a medical emergency will arise. Basic first aid is essential for all of us to know to relieve the feeling of helplessness.

The Haliburton County Home Support Services Drop-In Centre is sponsoring a one day Canadian Red Cross Society Emergency First Aid Course on Friday, August 17, from 9 a.m. to 4 p.m. at the Drop-In Centre.

This course is designed "to provide basic skills necessary to deal with 'time priority' emergency First Aid situations and to provide a certifiable course which may be incorporated into existing training programmes of a wide variety of agencies and organiza-

tions". The course will include: initial assessment, breathing emergencies, severe bleeding, shock and poisons.

It is open free of charge to seniors. We encourage you to partake of this First Aid course. It will be on a "first come first serve" basis. Please bring your own lunch.

You can have your name put on the list to take the course by phoning our office any weekday between 10 a.m. and 4 p.m. at 457-2941 or the Drop-In Centre at 457-2171.

P.S. The Home Support, the Drop-In Centre, the Information Centre offices will be closed Monday, August 6. Have a nice day!

356 runners compete in Heineken Yard

In the summer of 1972, two counsellors at Camp Onondaga, Ian Sainsbury and Brent Walcott, challenged each other to a footrace into Minden. That race was the beginning of a tradition which continued on Friday as nearly 400 runners gathered once again at the camp gate to take part in what has become the Heineken Yard Roadrace.

This year's running of the Yard attracted runners from numerous racing teams, youngsters from camps in the Highlands, local residents and many others who simply enjoy a run in the sun.

Ian, who is now the chief organizer of the Yard, was there at the gate on Friday to welcome the runners and deliver a pep talk.

After Ian spoke, there was a short wait, then at the sound of a shot gun blast, the runners burst forward from the starting line.

As they sped along the gravel surface of the Rackety Trail, the runners stayed in a closely packed group, but as they swung right onto the Deep Bay Road, the stronger runners surged ahead down the hill beside North Pigeon Lake.

By the end of the first mile, a little over four minutes from the start, six runners formed a small group well in advance of the rest.

As the runners pushed on toward Minden, they were urged on by small groups of people along the side of the highway. One resident directed a fine spray of water above the road to help refresh the runners.

At each mile marker, a race official shouted out the elapsed time as the runners sped past.

At the three mile mark, John Craig, a member of the Toronto Olympic Club, had taken over the lead, followed closely by Roger Cawkwell of the Brook's Racing team and Andy Zeltkans, another member of the Toronto Olympic Club.

The leaders kept up a steady pace through the open farm country as they approached Minden, then, cheered on by a large crowd of people, the runners turned right and began the final sprint down the Bobcaygeon Road.

As the sound of Earl Cooper's bagpipes filled the air, the runners drove hard across the bridge and up the street to the finishing line.

John Craig was first across the line completing the 4.5 mile run in 22.05 minutes, just 7 seconds off the record time set last year. Roger Cawkwell crossed the line 7 seconds later followed by Andy Zeltkans with a time of 22.20.

The next runner to arrive was Robert Moore. His time

Clockwise from above: spectators line the street to welcome the runners; runners reach for a cooling drink; this year's winner John Craig with Heineken representative Erik Bokker; and Craig leads the pack on the Deep Bay Road.

of 23.45 put him in first place in the Master class for the second year in a row.

The overall winner of the women's class was Ina MacIntosh, who was running in the Master Women's division. She ran the course in 29.18 minutes to place 8th overall. Donna Sawchyn took first place in the open women's class with

a time of 29.23 minutes.

Aaron Crangle placed 7th at the 27.05 minute mark to take first place in the Junior Men category.

Dianne Wisemann was first in the Junior Women class with a time of 31.56 minutes.

Of the 356 runners who began the race, 332 finished the course.

Fitness fare for 4-H clubs

Want to get more involved with the young people in your community? Consider the challenge of becoming a leader for the September 4-H project "Fitness Fare".

Don't worry if you've never been a 4-H member - many present 4-H leaders weren't previously involved. The only requirements are a lot of enthusiasm and a desire to work with the youth in your community. To prepare you for the project, a 1-day leader's workshop will be held in these locations: Board Room of the Lindsay Agricultural Office, August 21 and 22; and Lakefield United Church, August 28 and 29. Workshops are from 9:30 to 3:30.

As the title suggests, the project "Fitness Fare" is about two very popular topics, food and fitness, and how they affect each other. During the 7 weekly meetings, members will learn the difference between stamina, flexibility and strengthening exercises. They'll also learn what kind of foods to eat before a sports competition, cooking methods for controlling fat content and how to make good and nutritious snacks.

Stamina or endurance is one of the most important aspects of fitness. Club members will find out how they compare to other Canadians of the same age. Also at each meeting, members will have fun preparing and eating recipes that are low in fat, high in fibre, not too sweet and still taste good. These include Bacon and Egg Loaf for breakfast, Corn Chowder for lunch, Swiss Steak for dinner and Cheesey Popcorn for a nutritious snack. The highlight of the project will be the "Fitness Meet" held at Meeting 6.

Why not organize a 4-H club in your community. If you have a special interest in health, fitness and nutrition or would like to get into better shape, then here's an opportunity to personally benefit and also gain leadership skills. After you've attended the 4-H workshop, you return to your community and organize a 4-H club of at least 4 members. Members must be 12 years old by July 1, 1984, to participate. The project consists of 7 meetings usually held at the leader's home or a local community hall.

To conclude the project, all members join together in November 1984 for an Achievement Program. There members get a chance to practise their public speaking skills by putting on a program of skits, exhibits and demonstrations related to the project. Award presentations are also made at this time.

Our 4-H motto is "Learn To Do By Doing", and that's just what members and leaders do. Why don't you

become part of the new 1984 "Fitness Fare" 4-H project? Please register by August 17, 1984, with Christine Duke-low, Rural Organizations Specialist (Home Economics), at the Ontario Ministry of Agriculture and Food office in Lindsay (324-6125, Zenith 97920) or Peterborough (754-1403, Zenith 16310).

Mark Leahy on Assignment

Mark Leahy, Farm Management Specialist in the Lindsay Agricultural Office will be spending the next three weeks as Acting Agricultural Representative in Cochrane North District, working from the Agricultural Office in Kapuskasing. Mark has been temporarily assigned to that area to permit the Agricultural Representative there to take advantage of a special In-Service Training opportunity.

Some interesting research work on pasture management and the storage of forage crops has been carried out at the Experimental Farm at Kapuskasing over the past several years. Mark is looking forward to having an opportunity to see some of this Program on a first hand basis. This should help Mark provide information on pasture management to farmers in Victoria and Haliburton Counties.

Mark will be returning to his normal duties in the Lindsay Agricultural Office on August 20th.

Earwigs

The European Earwig is a very common pest in homes and gardens and appears to be around in abundance this summer.

The adult earwig is about 3/4 of an inch long and reddish-brown in colour. Males have a pair of large curved forceps at the rear of the body, while those of the female are almost straight. Young earwigs look like the adults but are smaller. Earwigs hatch from eggs laid in the spring and live for only one year.

Earwigs eat both plant and animal foods, and when present in large numbers can damage vegetable and flower gardens. They are active at night and hide in dark secluded places during the day. In their search for food and shelter, they crawl over the ground readily entering houses.

Earwigs can be controlled by chemicals - the recommended treatments include Carbaryl (Sevin), Malathion and Diazinon in spray, dust or granular forms. Treatments should be applied along building foundations, under verandahs and fences, and around wood-piles, garages and tree trunks. Since earwigs move very freely, repeat treatments are usually necessary.

Armyworm alert

Armyworms have been reported from widely scattered areas of Ontario since the middle of July. The infestation levels vary from negligible to high.

Farmers are advised to check their grain fields in particular for armyworms. This should be done about sunset or early in the morning when the worms are up on the plants feeding. During the day time, the larvae hide in the cracks in the soil or under clods of soil.

Events this week:

Tuesday, August 7, 8:00 p.m. - Haliburton County Farmers' Association Exec-

utive Meeting, at the home of Casey Cox.

Wednesday, August 8, 10:30 a.m. to 2:30 p.m. - 4-H Beef Fitting Clinic, at the home of George Druery and Family, R.R. 3, Kirkfield (Lot 23, Con. 7, Eldon)

Wednesday, August 8, 8:15 p.m. - Victoria County Milk Committee meeting, Lindsay Agricultural Office.

August 10, 11, 12 - Fenelon Falls Fall Fair.

Saturday, August 11 - Provincial Junior Farmer Summer Games, at Guelph

Saturday, August 11, 6:00 p.m. - Kawartha Pork Festival, Ops Community Centre. Tickets available in advance from Directors of the Victoria Pork Producers

Did you know?

by Bambi Gilder

What better way to celebrate Ontario's Bicentennial than to take part in an Agricultural Fair.

These popular fairs have been in existence since 1792. Over 190 years ago, Fall Fairs, as they are widely known, have flourished with over 230 going strong and getting stronger, attracting people from miles around.

The booklet of 1984 Agricultural Fairs and Exhibitions, which can be picked up at our office, lists some of the highlights of each of the fairs, the dates and locations. While some have already started, the majority of Agricultural Fairs are held from mid-August to mid-October. They vary in duration from one day for smaller fairs to the Canadian National Exhibition of

20 days.

Included in this booklet is a list of the Horticultural Societies 1984 Flower Shows.

Please keep in mind that your County Information Centre is here to help people of all ages find solutions to problems regarding social, health, environmental and governmental subjects by either providing the necessary information or by quickly referring you to the appropriate resource.

We are open Monday through Friday, 10:00 a.m. - 4:00 p.m. and are located in the Drag River Municipal Building (across from Emmerson Lumber) in Haliburton. Why not drop in or give us a call at 457-2733.

And remember, you will never know the answer, until you ask the question.

*The streets are paved, they're nice and smooth
But what about your car?
If it's running rough, feeling tough
Remember we're not too far!*

CORPORATION OF THE TOWNSHIP OF LUTTERWORTH

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT: and IN THE MATTER OF a proposed By-law of the Corporation of the Township of Lutterworth, to stop up and close a portion of the 'old Cameron road' right-of-way, located in part of Lot 2, in Concession 13; - being Part 2 on Survey Plan 19R-3043, adjacent and abutting Instrument Numbers 126639 and 70019, in the Township of Lutterworth and to convey the aforesaid Road Allowance Portion to the abutting property owner.

NOTICE IS HEREBY GIVEN, pursuant to Section 301 (1) (a), of The Municipal Act, R.S.O. 1980, that the Council of the Corporation of the Township of Lutterworth proposes to consider and, if deemed advisable, to pass at its Regular Meeting to be held at the Council Chambers, 3 miles south of Minden, on Highway No. 35, on Thursday, September 20, 1984, at the hour of 7:00 o'clock P.M., a By-law to stop up and close the parcel of land more particularly described as follows: -

SCHEDULE "A"

ALL of that part of the 'old Cameron Road' right-of-way, located in part of Lot 2, in Concession 13, adjacent and abutting Instrument Numbers 126639 and 70019, in the Township of Lutterworth, in the County of Haliburton, designated as Part 2 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton (19) as Plan 19R-3043.

AND, in addition, to convey Part 2, to the owner of the abutting Instrument Numbers 126639 and 70019.

A copy of the Survey Plan 19R-3043 is attached to the proposed By-law and may be viewed at the Lutterworth Municipal Office during normal working hours.

AND TAKE FURTHER NOTICE that, before passing of the said By-law at its meeting to be held at the time and place above-mentioned, the Council of the Corporation of the Township of Lutterworth, shall then and there hear in person or by his or her counsel, solicitor or agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at the Township of Lutterworth this 24th day of JULY, 1984.

Mr. Wayne D. Hughes
Clerk-Treasurer

around the county town

Call 286-1288 — 9 a.m. - 4 p.m.

Friends of former Times correspondent Yvonne Guida, will be relieved and happy to hear that Yvonne is recuperating slowly but steadily after surgery at Ross Memorial Hospital. We spoke with her earlier in the week and she sounded very strong and confident and looking forward to returning home to Minden. She has received many kind get well messages but one visit that really made her feel good was from her daughter Yvonne from California and her son Jim from Missouri who met in Chicago and flew to Canada to visit their mother. Yvonne is presently in Room 2041 at Ross Memorial Hospital in Lindsay and we all wish her the very best and hope she will be back with us very soon.

The public is invited to a tea and Open House to be held at Minden Library next Wednesday, August 8 from 7 to 9 p.m. Tea, coffee and goodies will be served by the Library Committee and they are hoping everyone will come out and just see what our library has to offer. For those of you who haven't yet been to the library, this will be an excellent opportunity to check out the facility for the long winter ahead!

Don't forget the movies for children at the library-cultural centre this Thursday, August 2 from 7:15 to 8:15 p.m. Admission, as always, is free.

Minden Women's Institute are holding a craft and bake sale on Main Street this Friday, August 3 at 10 a.m. Oh dear, there go the diets again!

Results from Club 35 Monday Card Part are brought to us this week by Mr. Art Hunt owing to our regular correspondent, Alex (at last) Stevenson being unavailable. Lone hands were a tie between Alvin Hewitt and Jerry Mitchell. The high man for the week was Jack Weekes while high lady was Mildred Mitchell. The door prize was won by Newt Hackney and the other winners were: Agnes Cowling, Art Verbaan and Walter Ackerblade.

Don't forget the annual Red Cross Bazaar featuring beautifully handcrafted articles which will be held Saturday, August 4 at 10 a.m. in the new park on Main Street next to Cox's Apparel.

A wedding shower was held for bride-to-be Nancy Cole at the home of Bess and Fred Cox last Thursday evening. The bride was thoroughly surprised and the evening was a huge

success.

Pam and Jose Miguel Peleato of Ottawa visited with Bill and Elizabeth Carrell this weekend so that Jose could run in the Heineken Yard. They brought their friends with them who had just arrived from Barcelona, Spain - Amelia and Anselmo Garcia and their son Alex. Amelia is a ballerina and will be studying dance in New York City for the next two months.

Mrs. Fred Wright had her granddaughter Ruth Johnston and her friend Julie from Scarborough in for a visit to help celebrate her 83rd birthday on Sunday.

Mr. and Mrs. Jos. Lester of Puerto Rico and Mr. and Mrs. Jim Kyle of Flushing, Michigan, were visitors with the Earl Hewitts of Minden this past weekend.

Bess and Fred Cox had a surprise visit from Rachael Mitten of Cambridge on the weekend. Rachael and Bess met in Florida several years ago and had not seen each other for five years. Rachael is visiting the area and staying at a friend's cottage on Scott's Dam Road.

All you volunteers for the Agricultural Society get your sleeves rolled up - the Agricultural Society work nights will be held August 7, 8 and 9 and 13, 14 and 15 at 7 p.m. at the Fairgrounds. (could there be an annual fair in the offing?)

Mrs. Ian Fleming, a cottager on Bob Lake, dropped in earlier this week with a copy of her local newspaper. In it was a column by Scott Gillies, grandson of Mr. Bill Reith who spends his summers at Bob Lake. One of our staff had the pleasure of meeting Scott on a Prestwick to Toronto flight last year and on one of his visits to this area, he dropped in to renew their acquaintance. It was a pleasure to read his column and I hope he will forgive us for passing it on to you as it concerns this area very much.

"Last weekend I had the chance to take a trip along my own route to the past.

After playing the pipes in the Campbellville bicentennial parade, I hopped in my car for a three hour drive north to cottage country. I was headed for the Haliburton Highlands to visit my grandfather who has a cottage on Big Bob Lake. This trip was more than just a quick visit, it was a trip down memory lane.

I have been going to Minden since I was nine months old. While I don't remember much of that first visit, I have been told that my only means of transportation was by wheel barrow. From then on I have carried, on my "love affair" with the North.

I spent my first 16 summers at the lake with my grandparents. There I learned to fish, hunt frogs, row a boat and paddle a canoe. I gained respect for our great wilderness and the men who conquered it. This is where I developed my romantic images of voyageurs and explorers, pioneers and early settlers. This is where I was first bitten by the history bug (along with a number of other bugs, like mosquitoes and blackflies.)

I have had the privilege of meeting many fine people who have lived around Big Bob Lake. Some of these are descendants of my early ancestors. Two of the first people I met were Uncle Bill and Aunt Sarah. Brother and sister, these two fine people lived in a log cabin and farmed the rocky land around the lake. They were not related to me; everybody on the lake called them aunt and uncle. The house now stands empty and the fields are all grown over with tall maples and birch.

There have been other people too, that I am proud to call friends. Many of the "old-timers" have passed on, but as luck would have it, some of my old chums from summers long ago were at the lake this same weekend.

One thing I look forward to upon my visits to the lake is to jump into a canoe and go exploring! Nothing can surpass the stillness of the night air and the glass-like surface of the water.

There are more cottages on Big Bob Lake than before, but a pair of loons on the water is still there. No one knows where they nest, but the cry is still familiar to my ears, as is that of the bullfrogs. Can you imagine these sounds of the night muffled by the babbling of a nearby brook? What a perfect way to end a summer's day."

HEATHER LODGE

(the old Ellen Cliffe Lodge)

kid's korner

by Jean Lacey

-Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Some have hidden words or sayings, some do not. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun.

Q: What is the coldest row in a theatre?

A: - Z - row.

Q: What do you call a person who's crazy about chocolate?

A: A coca-nut.

Knock, knock.

Who's there?

Ach.

Ach who?

God bless you.

Knock, knock.

Who's there?

Jess.

Jess who?

Jess little old me.

senior league

by Bert Harrison

Well readers, starting another week here at Hyland Crest, to tell you all that happened I'll do my very best. Lily Hogg had relatives come on Saturday, stayed and dined with her before they went away. Lola Prentice had relatives from Montana. They went on a trip to Algonquin Park. There isn't much to see there anymore, no matter how far you push, everything is going up to bush.

Edna Cowen had callers on Sunday. Mrs. Stutt had callers, I'm sure others did too. A busy weekend all the way through. My family came and treated me real fine. Took me for a drive, then out to dine.

Another interesting service in the chapel Sunday night. Harold and Ruth Thompson were there. Harold read the lesson, Ruth played the music and led in prayer. Rev. Burgess took his interesting message from Psalms 103, "The mercy of the Lord is from everlasting to everlasting, to

them that fear Him and keep His commandments".

Heather Bowron, who belongs to the Fellowship Ministry, with headquarters at Colorado Springs, is holidaying with her parents, Ken and Jean Bowron. Much pleasure for them she brings. Now Heather is getting all keyed up in high gear, for she is returning to

her group this weekend for another year.

We have Carl Dugan back again after 2 weeks holiday. Carl is really missed around this place when he is away.

Our ladies have another quilt set up for all to see. The only one I see working on it is Lola P.

Mrs. Stutt had her granddaughter to lunch with her Tuesday noon. We watched interesting movies in the afternoon.

No pastor came to take the service in the chapel this Tuesday. We had a nice little service anyway. Maron Rose came with music to play. Doris led us in a sing song. Did a good job too.

Real interesting all the way through. Living next door down we have a jolly pair, we told you last week how alive they were. Now Lily's complaining about getting too fat, I told her that soon she could put an end to that.

Just run around the block three times or four, then she wouldn't be troubled with fat anymore. They have company most everyday, that is if they haven't gone away.

Tuesday night is music night but no musicians came. We don't know the mix up if anyone is to blame. On the harmonica I played a tune or two, that is really the best that anyone could do.

Mrs. Alice Voicey is donating icecream to all residents here, in memory of James Voicey who liked icecream, on his birthday this 26th day of July. It just seemed like a dream. We think this was a real nice thing to do. What about you readers, don't you think so too.

Dave and Marilyn Congdon with daughter Tracey visited Dave's mother, Edna Cowen, over the weekend. By the way their son, Neil, is spending a weekend with his grandparents, Mr. and Mrs. Dave Stamp. He comes

down to see his grandmother every day.

We had no float in the carnival parade Wednesday night, here at Hyland Crest. To decorate our bus instead, some thought it best. The pair that undertook to do the job were Serina Tilley and Chantel, McKnight. They worked so hard to accomplish this and did the job just right. They thought they had it made, they

decided to dress up as bride and groom and walk in the parade. This they did and looked so fine, oh don't think they won anything, not even a dime.

The ladies from Harcourt Chapel came Thursday afternoon, along with two gentlemen. Brought along a

most delicious lunch. We hope they'll come again. They played, we sang some good hymns. With a lovely birthday cake for those who had birthdays in July. A real

social time together. We're sorry they had to start back in real stormy weather.

Friday afternoon our entertainers came and told us to remember that they were on holiday until September.

Don't be afraid to talk to yourself. It is a good way to find out what you think.

Rosalie MacNeil and Sharon Gryffe, members of the Deckhands Puppet Theatre, lead a group of youngsters in a rendition of the hokey-pokey Thursday at the Minden Library/Cultural Centre. The puppeteers are on a tour of the Lake Ontario Regional Library System and will return to Minden August 23.

Trent-Severn Waterway news

On Monday, July 23 the Haliburton Lakes of the Trent-Severn contained some 88.8% of their maximum storage. This was about 11% more than the long term average and the largest amount for the date since 1980. With only a small decline from the previous week and some surplus still remaining on the Kawartha Lakes the situation still appears abundant.

Without need for large amounts of this water to replace downstream evapor-

ation, only modest flows have been run so far this summer. A wet autumn such as in 1980, could hamper efforts to discharge the remaining water in time to prevent exposure of Lake Trout spawn. For this

reason in the next few weeks a somewhat larger flow will be run to get the percentage closer to the normal. This

should not produce a drastic lowering, but a more normal decline rate to reduce potential problems in the fall.

CARD OF THANKS

Millie and Lloyd wish to thank Dr. Holliday-Rhodes and the staff of the Minden Hospital for being so kind and helpful during the recent visit of Millie's brother Pat Colestock to our home. We must also thank the V.O.N. nurses from Haliburton for being so pleasant and thoughtful during their daily visits. Thanks so much.
Lloyd & Millie Boskett

Sandy and Irene Stewart wish to thank their many friends and relatives who so kindly and thoughtfully sent cards with best wishes for a speedy recovery while confined in hospital and also to those who visited them in hospital with the same wishes.

SEE YOU at the FAIR
